OBJECTIVE

To inspire and equip volunteers and social service staff with the necessary skill sets and knowledge to implement service projects successfully

BACKGROUND

The controversies involving the mishandling of funds had turned the spotlight on the corporate governance of VWOs leading to public wariness of social service events.

Another challenge faced is the high turnover rate of staff and volunteers leaving voids in their human resource. There is therefore an urgency to build up human capital and capability in the social service sector.

VSMP aims to prepare volunteers to effectively serve the social causes of their choice.
