If you are interested to help disciples and teams to find, use, create, and share digital media, tools and strategies in effective ways, come and discover creative ideas for your youth engagement and outreach. Honour, integrity, and the dependability to do what is right have been the foundation of Singapore's trustworthiness leading to success since her independence. While each generation must decide its own way according to its own circumstances, it is imperative that the culture of honour be embraced by Singaporeans as a fundamental value in the compass for Singapore's success in the years to come.

Join us at this interactive workshop and discuss collaborative opportunities for doing more for Singapore, together!

### Synopsis:

Citi-YMCA Youth For Causes (YFC) is a community initiative started by Citibank and the YMCA of Singapore in 2003. Funded by Citi Foundation, the programme is a catalyst to promote social entrepreneurship and community leadership development among Singapore youths aged 15-25 years old.

The YFC programme empowers participants to be the masters of their own project, working closely with VWOs in Singapore, and gaining first-hand experience in organising events to champion a social cause.

Come to this workshop to know more about the Citi-YMCA YFC programme and how you can tap onto this resource for the development of youths in your area of influence.
