SG50 Speech
Marathon

To commemorate Singapore's Golden Jubilee, the YMCA Toastmasters Club and Singapore Mandarin Toastmasters Club organised the YMCA SG50 Speech Marathon at YMCA of Singapore to celebrate Singapore's success as a multilingual and multicultural society and raise funds for YMCA's Community Service Programmes. Mr Chan Soo Sen, who was the Guest of Honour at the inaugural Speech Marathon in 2000 returned to officiate the opening of the SG50 Speech Marathon.

The first edition of the Speech Marathon was held 15 years ago to usher in the new millennium as well as promote the Speak Good English Movement in Singapore. A total of 800 speakers participated in the event and together, they clocked 36 hours of continuous speeches.

After a 15-year hiatus, the event witnessed over 500 speakers from all walks of life taking the stage and speaking on a variety of topics for 50 hours without pause, raising more than \$37,000 through pledges for YMCA of Singapore from 25 to 27 December. The line-up of speakers included past champion speakers who have won at least one Toastmasters Club Speech Contest, intellectually-challenged individuals from various organisations

and speakers from diverse nationalities, cultures and backgrounds. Four languages – English, Mandarin, Tamil and Hindi were used for the delivery of speeches, with English being the dominant language.

"This event is very special to us. It is a double celebration, as we celebrate Singapore's golden jubilee and Christmas for YMCA. It is a time of fellowship for all who share a common passion in public speaking. But above all, it is a time for us to remember, and help individuals who are less fortunate than us in spirit and in health," said Mr Ernest Chen, Club Advisor, YMCA Toastmasters Club. "Through the Speech Marathon, we hope to provide a platform for people to speak and express themselves, develop their speaking skills, and at the same time raise funds through pledges to support YMCA's work in empowering the less privileged in our community," he added.

The SG50 Speech Marathon was awarded with a certificate for the Longest Speech Marathon (Team) in the Singapore Book of Records. Funds raised will go towards YMCA's efforts in impacting lives and nurturing community champions through the YMCA Community Service Programmes which serve the intellectually and physically challenged, abused and underprivileged children, the hearing impaired, the elderly and the poor.

PASSING THE TORCH AT THE ASEAN PARA GAMES

The Torch Relay is one of the major milestones of the 8th ASEAN Para Games and YMCA of Singapore is proud to be part of this historic moment.

Volunteer leader Terence Khoo represented YMCA of Singapore as the torchbearer at the Torch Relay on 3 December 2015. "The biennale multi-sport event, ASEAN Para Games, is an amazing and wonderful sporting event whereby the participants' abilities are celebrated and inclusiveness is enhanced. I'm extremely honoured and humbled to be given the opportunity to represent YMCA, an organisation that stands with the Games' vision to develop the body, mind and spirit of the community, in the torch relay during the opening ceremony," said Terence. "It was such an exhilarating experience to walk alongside the other torch bearers and volunteers," he added.

A total of 16 torchbearers participated in the relay, during which the torch was

passed alternately between a member of a sponsoring organisation and a volunteer, in a gesture recognising the significant contributions of both the corporate partners and the community. Terence was the fourth torchbearer, walking the stretch along Bay East Garden before passing on the torch to representatives from MINDS. The 5.5 km walk took the contingent past Gardens by the Bay, Tanjong Rhu and into the

Singapore Sports Hub Water Sports Centre, for the APG Opening Ceremony.

YMCA of Singapore brought over 175 individuals from Blue Cross Thong Kheng Home, Christian Outreach to the Handicapped, Handicaps Welfare Association, Kampong Glam Community Centre and MINDSville@Napiri to watch the Para Games over the period of five days.

A SEA OF PURPLE AT HONG LIM PARK

Back for the second year running, the Purple Parade 2015 is a yearly get-together which supports and celebrates the abilities of persons with special needs. The event, held at Hong Lim Park on 31 October, raised public awareness and support for people with special needs amid the energy of a campaign, carnival, concert, and contingent march-past. YMCA of Singapore joined the beneficiaries and staff of two VWOs – Blue Cross Thong Kheng Home and Bishan Home for the Intellectually Disabled for the contingent march

and showcased their costumes and paraded around the venue. The team consisted of a total of 137 participants who included beneficiaries, staff and volunteers. Everyone came dressed in purple, with some adding their own party hats and purple accessories to add to their outfit in support of the Purple Parade.

Prime Minister Lee Hsien Loong graced the event as Guest-of-Honour. "We are building an inclusive society in Singapore where everybody has a place, where everybody can make a contribution," Mr Lee said. "Whether

you have special abilities, whether you are an ordinary person... you all have something to contribute and in a different way, each one of us is somehow special."

Another programme highlight during the event was the stage performances which provided an avenue for persons with special needs to showcase their talents and abilities. The Y STARS (YMCA Special Talents, Arts and Recreation Society), a group of young adults with Down's Syndrome who share a common passion for performing arts, dazzled the audience with their upbeat moves and vibrant energy with their performance, 'Lollipop'.

BRIGHTER FUTURES FOR YOUTHS-AT-RISK

Over 130 friends, family members and trainers gathered to celebrate the achievements of 60 graduates who received their certificates for completing YMCA Project Bridge's Vocational and Soft Skills Programme (VaSSP) on 4 December at the YMCA of Singapore.

VaSSP was conceived by YMCA Project Bridge in 2009, in conjunction with a survey on growing youth employment issues. Results revealed a lack of career exploration venues, employment and support services tailored for youth early school leavers. YMCA Project Bridge's kernel of a service idea was then gently shepherded through to fruition, to become the VaSSP. Now in its fourth year, VaSSP provides intervention and vocational training for at-risk and out-of-school youths aged between 15 and 21, equipping them with job competency skills as well as a certified vocational skill.

Jayden, a graduate of the course, gave testimony of his personal journey and what he has accomplished through the programme. In his speech, Jayden said that VaSSP has "helped him find confidence" and was "thankful for an opportunity to pursue his passion."

Zhi Ting, another graduate, was 15 when she dropped out of school due to a lack of interest. Through a school counsellor's recommendation, she enrolled in the VaSSP, hoping it will help chart the course for her future. "VaSSP has taught me to keep trying in order to discover my gifting and interests. I have become more independent and strong-minded in the pursuit of my dream. The programme has also taught me social skills which I find very helpful when I started working," said Zhi Ting, who also shared her testimony at the graduation ceremony.

"As a youth organisation, YMCA of Singapore strives to groom young adults into responsible community champions who can impact and lead the community. A part of this effort includes reaching out to the out-of-school youths and youths-at-risk to transform their lives. Many of them have huge dreams and huge potential just like anyone else, but due to their unfortunate family situations, they fall out and ostracise themselves from the mainstream, often ending up with bad company and landing in trouble. Through YMCA Project Bridge, we are able to reach out to them, befriend them and equip them with life and vocational skills in the hope of

integrating them back into the society," said Mr Lo Chee Wen, General Secretary, YMCA of Singapore.

Under the VaSSP, participants were required to complete an intensive six-month programme which encompassed core training such as work ethics, personal budget planning and job interviewing. Phase two of the programme consisted of a vocational training in one of nine areas — baking, coffee bar serving, culinary art, hairdressing, hospitality in food and beverage, horse stable management, makeup, web design, manicure and pedicure. The youths will then go for on-the-job training with an employer.

Based at the YMCA Project Bridge Vocational Development Centre in Bukit Batok, the VaSSP accepts referrals from a range of sources, including schools, Government agencies as well as walk-ins.

The VaSSP has received tremendous support from various establishments who share the goal to develop and inspire youths to find their niche in life by signing on as training partners. They include Garibaldi Italian Restaurant & Bar, The School of Make-Up and Toni & Guy. Others have made financial contributions to the programme. J.P. Morgan, a major donor of the VaSSP has been supporting since 2014.

To date, over 280 youths have enrolled in this programme, which has maintained a 80% success rate of positive outcomes of youths either completing on the job training, obtaining sustainable employment, returning to school or pursuing higher vocational courses.

A CHANNEL OF BLESSING

LOVE SPEAKS VOLUMES AT YMCA GIVING GALA 2015

They may have hearing impairment, but that does not stop their hearts from singing. Using their hands in harmony, Y D Gen (YMCA Deaf Generation) showed the hearing world the beauty of sign language through music during their stellar performance that stole the show and warmed hearts at the YMCA Giving Gala 2015 on Wednesday, 7 October.

Y D Gen (YMCA Deaf Generation) is a percussion and song-signing group comprising hearing impaired youths that was formed under the auspices of the YMCA of Singapore in 2008 and led by Ms Lily Goh, founder of ExtraOrdinary Horizons and winner of the Singapore Woman Award 2014. The group has performed at many YMCA events including the annual YMCA Proms @ the Park, YMCA Charity Golf and YMCA Giving Gala, and they have supported and empowered the hearing-impaired community through service learning projects in arts, culture and community service.

Attended by more than 170 guests, the evening was graced by Mr Desmond Lee, Senior Minister of State, Ministry of Home Affairs & Ministry of National Development, the guest of honour.

Over \$330,000 was raised, which will go towards YMCA's efforts in impacting lives and nurturing community champions through the YMCA Community Service Programmes which serve the

intellectually and physically challenged, abused and underprivileged children, the hearing impaired, the elderly and the poor.

Guests supported the event by purchasing tables, individual seats, raffle tickets and participating in the silent auction. Many individuals and organisations also contributed prizes worth a combined value of over \$22,000 for the raffle draw.

On the occasion of our nation's Golden Jubilee, YMCA of Singapore was blessed with the opportunity to showcase a series of exquisite and highly exclusive decorative art pieces by local artists including Justin Seow, Ng Woon Lam and the Y STARS (YMCA Special Talents, Arts & Recreation Society) worth over \$95,000 for the silent auction, which represents the highest value since the gala's inauguration in 2012.

"As we celebrate the golden jubilee, we are very moved and grateful for the outpouring of support from many individuals and organisations who have contributed so generously, and for their belief in YMCA's work of empowering the less privileged in our community," said Mr Chew Kwee San, President of YMCA of Singapore.

In 2014, over 4,000 beneficiaries from 32 partnering voluntary welfare organisations benefitted from the 16 structured and sustained YMCA Community Service Programmes.

NURTURING COMMUNITY CHAMPIONS

YOUTHS MAKE THEIR MARK THROUGH CITI-YMCA YOUTH FOR CAUSES

The Citi-YMCA Youth For Causes (YFC) Awards celebration 2015 was held on 19 November 2015 at the Mrs Lee Choon Guan Concert Hall at Anglo-Chinese School (Barker Road) with over 150 guests comprising mentors, school representatives, Voluntary Welfare Organisations (VWOs), Youth For Causes (YFC) teams and their family members in attendance.

The 100 YFC teams mobilised more than 5,000 volunteers, and raised over \$800,000 for 46 VWOs. The YFC Awards Celebration went beyond recognising the outstanding teams; it also celebrated the invaluable YFC experience and friendships made by the teams, and the contributions of the other programme stakeholders.

Mr John Denhof, Head of Cards and Personal Loans, Citi Singapore Limited, shared during his address that, "With support from the Citi Foundation, we launched this programme with YMCA 12 years ago with a common vision to develop community leadership among youth in Singapore. We are indeed very heartened by your work to serve as champions and ambassadors of your selected community causes, advocating for the less fortunate amongst us including those who are battling life-threatening diseases, the underprivileged, children with special needs as well as the frail elderly members in our community."

In his address, Guest-of-Honour, Mr Desmond Lee, Senior Minister of State, Ministry of Home Affairs & Ministry of National Development, mentioned that "The success of the annual Citi-YMCA Youth For Causes

programme is an excellent illustration of how the YMCA of Singapore mobilises resources for the greater good of the community. Through YFC, not only are youth participants involved in community service and trained in entrepreneurial and business skills, but many working professionals are also engaged to serve as volunteer mentors and panel judges. This community initiative is one of the many CSR collaborations which YMCA has undertaken to go beyond raising resources for itself—to mobilise resources for the social service sector."

A programme the scale of Citi-YMCA Youth For Causes would not have been possible without the tremendous support by various individuals and organisations. In his vote of thanks, Mr Chew Kwee San, President, YMCA of Singapore said, "I would like to express our heartfelt gratitude to Citi Foundation for generously funding the programme for these 13 years, and Citi Singapore for its commitment and contributions in co-organising every single run of the programme since 2003. YMCA of Singapore has enjoyed the partnership with Citi Singapore through Citi-YMCA Youth For Causes, and we look forward to many more

years of co-labouring with Citi in serving the community."

Other highlights of the evening included an impactful sharing by the two YFC Best Team Award winners, Project Hiraeth (Category A) and Hundred Acre Love (Category B) through a candid Question & Answer session. Ee Koh, one of the team members of Project Hiraeth, shared a Chinese proverb that was the guiding principle in his project: "A diamond with a flaw is worth more than a stone without a flaw." The team envisioned a society where ex-offenders can truly call home. To champion their cause, Project Hiraeth set out to achieve three objectives: raise funds and awareness for Yellow Ribbon Project, generate awareness of the myriad of difficulties ex-offenders face and to encourage society to have greater acceptance and understanding towards ex-offenders. He then encouraged the audience to step out of their comfort zone, take risks and not to be afraid to be moulded into a shining, lustrous diamond. Ending the celebration on a high, all guests set flight their dreams and vision for the community and themselves by folding and launching paper aeroplanes together.

The award recipients are as follows:

ADVOCATING LIFELONG LEARNING

PASSING ON THE PARCEL OF LOVE

On 16 & 19 December 2015, 32 student volunteers from Uni-Y Singapore visited YMCA Student Care Centre (SCC) @ Zhangde and Brighton Connection Student Care Centre (SCC) as part of the Uni-Y Parcel of Love initiative, bringing Christmas joy to a total of 70 children during the festive season through crafts, singing, and gifts. It was also an opportunity for the Uni-Y students to spread festive cheer to the children.

During both visits, the Uni-Y volunteers guided the children on art & craft activities to create art pieces on what Christmas means to them. Prior to creating their art pieces, the volunteers created mini station games for the children to 'earn' art materials to decorate their art piece. Other activities included a Christmas skit, carolling and distributing of gifts sponsored by 17 members of the Uni-Y alumni.

Uni-Y Singapore would like to thank YMCA SCC @ Zhangde and Brighton Connection Student Care Centre for allowing them to conduct the programmes at their premises with the students.
